Patriots of Valor Launches Website

Having been convinced that it's time to embrace the technology available to us, with the help and knowledge of our Board member Abe, we now have a website. We have been recognized by all the search engines so that when you search for *Patriots of Valor*, we come out on the top of the search results – a major achievement.

We invite everyone who has access to Google us:

www.patriotsofvalor.org

David, our Patriots Veteran who represents us in North Carolina and other locations wrote:

*“Just saw the latest update to the **Patriots of Valor** website. It looks great. Whoever is working on it has done an excellent job. When I see this website – from watching the video to reading the founding words and looking at the pictures – you can really feel the overwhelming desire and dedication to the Veteran community and specifically the Veterans subjected to the most neglect and difficulty.*

This definitely stands separate from the generic Veteran organizations like the VFW or American Legion websites or even the DAV and Wounded Warrior websites. There are dozens of those.

*Your website says to me: **Our foundation is in line with God and through Him we extend our hand to help all Veterans no matter their circumstances. We are here and we see you!***

*This website really flows nicely and presents a clear picture of the mission and realistic expectations of **Patriots of Valor.**”*

Being a novice at this sort of thing, I am amazed at the level of activity the site has already achieved. As of the writing of this article – in just a couple of months since launch...

2000 Unique Hits (a unique hit theoretically eliminates multiple visits from the same person or device).

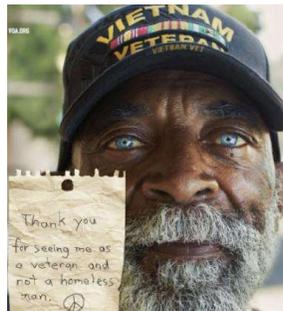

500 People who read at least one newsletter (the newsletters were just posted in the last few weeks).

300 People watched our *Patriots of Valor* video.

200 People clicked on our “Contact Us” link.

Operation Boots To Stockings

Some of the Veterans we assisted this year...

Over **1,500** Stockings and Holiday Bags were delivered to our Veteran community. We reached Veterans in: Washington, DC; Richmond, VA; Longmont and Colorado Springs, Colorado; Kansas City & St Louis, Missouri; Sioux Falls, South Dakota; Winnebago, Minnesota; Long Island City & Brooklyn, NY; Vineland, NJ; and Cherokee, North Carolina.
